The regulations relating to advertising material can be found in Chapter III of the FIVB Sports Regulations including penalties for non-compliance. Hereinafter, the Publicity Homologation Certificate as defined in the FIVB Sports Regulations will be referred to as the **Advertising Approval Certificate**.

3.1 TEAM EQUIPMENT

When taking part in a competition, team members must not carry any advertising material on their team equipment unless previously approved by the FIVB. Please refer to the 'Specific Competition Regulations' of the competition to determine whether advertising on team equipment is allowed (**advertising is not allowed for the Olympic Games all other FIVB requirements for uniforms are maintained**). If advertising is allowed there may be special considerations to be taken into account over and above the points below which will be defined in the Specific Competition Regulations.

A team may have up to two sponsors during a given event. Team members must not display any advertising logo other than the name(s) of the one/two sponsor(s) logo that has been registered by the National Federation and approved by the FIVB on all team equipment. A team must display the same advertising on all team equipment. 3.2 TEAM EQUIPMENT ACCESSORIES

Team equipment accessories include player sports bags, trainer's bag, medical doctor's bag, laptop computer and coach clipboard. Other accessories may be added to the definition of team equipment accessories by the FIVB in the future.

Team equipment accessories may display advertising only if and when the FIVB has delivered the **Advertising Approval Certificate** to the National Federation of the team. The authorisation is given to the approved sponsor. The entire team must display the same advertising on team equipment accessories, however advertising is optional, i.e. advertising does not need to be displayed on all accessories defined above.

On team equipment accessories, any manufacturer's logo cannot exceed 10% of the surface area and shall not be greater than 60cm² and any approved advertising cannot exceed 30% of the total surface area and shall not be greater than 180cm². (Please note that advertising on team equipment accessories is not allowed for Olympic Games competition).

Towels and water bottles are defined as organiser sports materials and do not come under the definition of team equipment accessories. Team or personal towels and water bottles displaying advertising or not, will not be allowed into the competition control area (unless approval is given by the FIVB).

3.3 TEAM OFFICIAL EQUIPMENT

Where the team has received an **Advertising Approval Certificate**, the team officials may also display advertising. The name or logo of the one sponsor may appear on the back of the polo shirt and on the front or the back of the warming up suit. The size of the advertising must not exceed 300cm² and must be identical to the advertising on the player's uniform jersey. On the polo shirt and the warming up suit, all team officials must display the same manufacturer's logo (as per specifications previously defined) and the advertising must be in the same locations.
